APPOINTMENT & CANCELLATION POLICY

BY APPOINTMENT ONLY

The Neurology Group sees patients by appointment only. We make every effort to provide prompt medical care to all of our patients. If you arrive in our clinic as a *walk-in*, please understand that you will be asked to schedule an appointment for a different time.

It is your responsibility to know when your next appointment is scheduled. You may request a reminder call as a courtesy; however, the responsibility of remembering your appointment is still yours regardless of whether or not we are able to reach you by phone.

LATE ARRIVALS

We make every effort to maintain appointment time commitments and we request that you extend the same courtesy to us. If you are running late, please call our clinic to reschedule. We understand that special circumstances can arise, which may cause you to run a few minutes behind. On occasion we are able to work-in late arrivals into the schedule; however, this is at the discretion of our front office staff. If you are more than 15 minutes late for an appointment, to help avoid delays in treatment and extensive waiting times, we may ask you to reschedule.

MISSED APPOINTMENTS (*NO SHOWS***)**

The staff at The Neurology Group respects your time and we ask for the same courtesy. Missed appointments (*no shows*) affect our ability to provide timely attention to our patients. When a patient does not *show up* for their appointment, another patient loses an opportunity to be seen. If you are unable to make your appointment, we respectfully ask that you notify our clinic at least 24 hours in advance. Failure to cancel an appointment that you do not attend will be considered a missed appointment or *no show and* you will be charged $50 *no show* fee.

Protocol for *No Shows***:**If you fail to attend your appointment you will be charged a **$50***no show* fee. In addition, a course of action will be determined based on the clinic team's review of your case and individual situation. You are directly responsible for payment of the *no show* fee on or before your next appointment. The *no show* fee cannot be billed to your insurance company.

PLAN ACCORDINGLY

Please remember that it is your responsibility to monitor your medication usage and to plan for your monthly follow up visits if you need refills. The Neurology Group does not consider it an emergency if you run out of medication as a result of a cancelled or missed (*no showed*) follow up visit. If you arrive at the clinic without an appointment, expecting to be seen for a refill, an appointment will be scheduled for you and you will be asked to return at that time. It is against our policy to *call-in* a prescription to a pharmacy for prescribed medications if the request is not submitted within our 72 hour turnaround time under any circumstance. Please plan your monthly follow up visits accordingly, taking holidays, weekends, and other non-clinic days into consideration.

RETURNING AFTER DISCONTINUING SERVICES

If you are an established patient and have not seen us for twelve (12) consecutive months, you will be required to complete a comprehensive screening and orientation session as part of our new patient evaluation (full intake).

THANK YOU FOR YOUR PATIENCE

We value you as our patient and know your time is valuable and we are always looking for ways to improve our ability to manage the rapid growth of new patients. It may seem that you are waiting a long time or that patients who arrive after you are being taken first. Please understand that waiting patients may not necessarily get *called back* in the order they arrive at our clinic. This is due to simultaneous appointment schedules, which are specific to multiple doctors in our clinic.
